cette seconde édition de la publication phare du programme leed création d'emplois et développement économique local explore

les moyens par lesquels les acteurs nationaux et locaux peuvent mieux travailler ensemble pour soutenir le développement économique et la création d'emplois au niveau local

ce rapport se fonde sur l'analyse de données infranationales et sur la consultation de parties prenantes locales dans six études de cas locales dans trois régions Rhône-Alpes, Île-de-France et Provence-Alpes-Côte d'Azur

au cours de la dernière décennie le marché du travail de la région de Bruxelles capitale s'est amélioré de nombreuses offres de travail ouvrent des possibilités pour des travailleurs hautement qualifiés faisant de la région de Bruxelles capitale une destination importante pour les talents belges européens et internationaux

plus du tiers des emplois actuels au Québec diffèrent de l'emploi salarié à temps complet : emplois à temps partiel, emplois à durée déterminée, travail indépendant, l'atypie en emploi se développe de manière croissante chez les travailleurs de tous les niveaux de qualification dans toutes les catégories socioprofessionnelles. De manière générale, les travailleurs atypiques bénéficient de conditions de travail et de rémunération inférieures à celles des salariés typiques. Toutefois, ce constat occulte la grande variabilité de la qualité des emplois atypiques, y compris chez les professionnels, que leur statut et leur niveau de scolarité ne protègent pas automatiquement de la précarité. Cet ouvrage dresse le portrait de trois groupes de travailleurs qualifiés exerçant leur activité sur le mode de l'indépendance : les traducteurs indépendants, les journalistes pigistes et les avocats de pratique privée qui travaillent seuls (avocats solos). L'auteure aborde tour à tour le cadre réglementaire et le contexte exerçant une influence sur l'exercice de la profession, puis les caractéristiques des professionnels indépendants de leurs donneurs d'ouvrage et de leurs produits. Elle expose ensuite les données originales de recherche portant sur la qualité générale des emplois indépendants au sein de chaque profession et analyse les variables qui expliquent la diversité des niveaux de qualité entre les trois professions étudiées, ainsi qu'entre les membres d'un même groupe professionnel. Elle révèle ainsi les dynamiques de régulation des marchés externes primaires qui regroupent cette portion grandissante de la main-d'œuvre qu'on désigne souvent comme les travailleurs du savoir.

cette publication met en lumière les dernières découvertes sur les politiques pour le soutien à la création d'emplois dans un format convivial et accessible aux décideurs politiques au niveau national, régional et local, praticiens et membres de la société civile

france s economic growth has slowed down after a gradual recovery limited productivity and employment gains have reduced the growth of gdp per inhabitant public spending remains very high reducing public expenditures is needed to put debt on a firmly declining path this and streamlining the tax system would also help reducing taxes which would boost economic activity eventually

most european countries have experienced labour market reforms at varying times leading to extended working life and a postponement of retirement age this book provides a gender perspective on the impact of extended working life on the different dimensions of well being the factors which can limit extended working life and the working conditions of older workers over the course of 11 chapters the book explores factors that can limit access to paid work or affect working conditions for older workers including care for dependent individuals negative stereotypes surrounding aged workers and poor health it also investigates differences in working conditions for older workers by gender compared to other groups of workers and across european countries including case studies from austria france spain poland croatia albania and turkey it will be of interest to all scholars and students of social policy sociology gender studies and labour studies more broadly
